Chief System Architect at Visa

August 6, 2010, Venugopal worked with Srinivasan on the same team

I worked with Srinivas for about 5 years. His soft nature and willing to lend a hand made him a go to person among team members. Srinu puts consistent effort to improve his knowledge in and around his area of expertise. I have always seen him deliver quality work on time. Srinu is a person with lots of hobbies and talent, I would be glad to work with him again.
